TERRE CUITE PEINTE

Passepartout goes beyond everyday red terracotta! It has taken the concept to the next level by expanding the collection and creating a painted and distressed finish as well. The aged patches, scrapes, and scratches let the traditional "cotto" color not only show through the painted

top but also go throughout the body of the tile! The look was so amazing that we developed four additional ultra- contemporary colors - white, black, gray, and taupe which, once again, make this series extremely versatile.

TERRE CUITE PEINTE

Questa serie reinterpreta il fascino della materia e della superficie del cotto e tramite un particolare effetto decapè sviluppa anche in altri quattro colori ultra-contemporanei: bianco, nero, grigio e taupe. Il concetto del

cotto verniciato si rivela sotto ogni pennellata e attraverso tutto lo spessore di ogni piastrella, nelle quali si continua ad intravedere il cuore ocre del cotto madre.

TERRE CUITE PEINTE

Diese Serie interpretiert mit neuen Ideen die Faszination der Materie und der Oberfläche des Cotto-material mit einem besonderem decapè effekt. Es gibt eine Cottofarbe und vier andere aktuelle Farben:

Bianco, Nero, Grigio und Taupe. Das Konzept eines lackiertem Cotto wo jeder anstrich auf der Oberfläche jeder einzelnen Fliese zu erkennen ist und die Originalfarbe, Ocre, zu sehen ist.

TERRE CUITE PEINTE

Cette série réinterprète le charme de la terre cuite, et grâce à son effet patiné elle permet de développer quatre autres couleurs contemporaines : blanc, noir, gris et taupe.

Le concept de terre cuite peinte se révèle sous chaque coup de pinceau et à travers l'épaisseur du carreau. On peut encore apercevoir la couler ocre, celle de la terre cuite.
